CO-CURRICULAR ACTIVITIES

A literary club called GREY MATTER was instituted by the students and the faculty members of the college for the promotion of co-curricular activities of the students. It aims at promoting public speaking abilities of the students and helping them to participate in different Oration and Public Speaking oriented competitions like debate and moot court competitions that are frequently held in various reputed colleges across the country.

The club also plans to hold periodic discussion sessions on law related topics not strictly within the bounds of the B.A.LL.B. curriculum and thus spread of general awareness among the students regarding current national and international affairs.

It has been the pleasure of Grey Matter to organize an engaging discussion on the relevance of William Shakespeare conducted by the drama critic of The Telegraph, Sri Anshuman Bhowmick and then an intra college skit competition in which students of the college presented original plays on striking issues of present times.

Grey Matter plays a seminal role in organizing seminars, workshops and other related events, and thus aims to promote the growth of healthy enthusiasm and steady interest among the students in the pursuit of co-curricular activities which now have become an extremely important ingredient of comprehensive and holistic development of students in all contemporary education systems.
